20th April, 2020

Dear Class 11 parents & students,

During these turbulent times, we hope & expect that each one of you is safe & healthy. It's time for us to reconnect with each other and get back into a school routine. And we are extremely excited about it!

Your online classes will begin from the 22nd of April, 2020. But as discussed earlier, instead of directly putting you into the various streams, we will be exposing you to all 17 subjects being offered at the Class 11 level, so that you take informed decisions.

We will also be conducting a subject choice seminar for all of you where we will get an expert to talk to all of you about the implications of choosing a stream, courses ahead & careers related to them. This will be followed by more intensive stream specific sessions with the experts- one for the Science stream, and the other for the Commerce & Humanities students.

We do not expect the Board results to be out soon as some areas of East Delhi have still not completed all their exams. Therefore in these two weeks we will be starting the exercise of putting you into various streams. But those details will be shared with you closer to the date.

For these two weeks, you will continue to be in the same sections as those of Class 10. New sections will only be allotted post the allocation of subject streams.

A circular with the detailed time table for the coming two weeks will be uploaded later in the day. Currently we will be connecting with you through Zoom classes, which may get upgraded to a more secure platform shortly. But these two weeks will see the teachers connecting with you on Zoom. You can download the app through www.zoom.us

The process involves you downloading and signing in to the Zoom app, preferably on your laptop. The time table will have the meeting id's of the teacher taking that particular class, which you will need to type in order to get connected to the class. Please fill in the attached undertaking which enumerates our expectations from our children while using any online learning platform. Please fill the form and send it to us latest by tomorrow evening.

The link to the form is <https://forms.gle/9gj57ZWgwjDM55KE6>

Look forward connecting with you in this unique way!

Stay safe & stay at home!
