HAVE YOU EVER HEARD OF WINTER SOLSTICE?

The winter solstice marks the exact moment when half of Earth is tilted the farthest away from the sun. It usually happens on December 21 or 22, at the exact same second around the world. Because less sunlight reaches Earth, the winter solstice is also the day of the year with the least amount of daytime, known as the shortest day of the year.

WHO IS

PREM BEHARI NARAIN RAIZADA!

Prem Behari Narain Raizada was the calligrapher of the Indian Constitution. The original constitution was written by him in a flowing italic style. The Calligraphy of the Hindi version of the Original Constitution was done by Vasant Krishan Vaidya. Working in a room in Constitution Hall (now known as the Constitution Club of India), he rendered the document - consisting of 395 articles, 8 schedules, and a preamble - over the course of six months. He incorporated his flowing style of calligraphy into the document, using hundreds of pen nibs in the course of his writing. The stipulation that he and his grandfather's names be added to the document was honoured, and both names can be seen in the document. When it was completed, the manuscript was 251 pages and weighed 3.75 kg.

The manuscript was completed on 26 November 1949, and was signed on 26 January 1950.

Tidings is an old-fashioned word for recent news. If someone says "I bring you good *tidings*!" it means they have information to share that you'll probably like.
